Hina & Yushi (sister & brother)

Freya

My boyfriend is looking to re-home his three cats as he is just not home enough anymore to give them the attention they need. They are approx. 4 years old and spayed/neutered. All are very friendly and love cuddles. Hina can be a bit shy at first but will warm up to you quickly, Yushi is very laid back, and Freya likes to talk. They are great together but could also go to separate homes. If you're interested in 1, 2, or all 3, please let me know!

Meow & thanks,
Karina
