Good morning

I have Mr. Benedict's letter of yesterday and the Board's letter just now on this matter.

I wonder if in future on this file if the Board Officers might consider calling me to discuss the requests of Mr. Benedict before they just do whatever he requests.

Vice Chair Jeremy Schick specifically stated at the end of the case management conference on April 8, 2021 that he was NOT directing particulars or replies or production in this matter until AFTER the resolution conference scheduled for May 10, 2021.

I was planning to write back to the Board and Mr. Benedict at my first opportunity today after I had time to review my notes of the case management conference call, but not time was given to me to do that.

Kindly speak with Mr. Schick to confirm his decision.

If for some reason he is now considering changing his mind I would ask for a conference call so that I can speak to this further where I will renew my request to discuss production, and in any event May 5 is not sufficient time to provide particulars.

If you want this in a formal letter let me know. I will have time to send that in tomorrow.
